Safety, Training and Compliance Committee

New Business –

- Safety Summit – location of the event and timing are under question; possibly considering Colorado Springs; Christine sent out a survey for the event to poll the participants; meeting for today was postponed due to weather so a further update will be coming after the next meeting;
- Idea from ASSP meeting for roundtables – 4 people per team, rotation, 3 questions on the table, discuss and then rotate tables; kind of like speed dating; Perry will see if the roundtable group is interested in trying this format for May;
